WIN YUK	98-99 WINTER YUK		V	Previous year's combination sprayed to look like flu. Sometimes seen in subsequent years
99 EP	99 EPIDEMIC		VB	Flu-like symptoms in 25% of the population are 4 viruses and 2 bacteria. May ALSO need EDB, ZINC CHLORIDE, ASPERGILLUS FUMIGATUS
ANT DIS	ANTENNA DISSOLVE		C	When you have been hit by too many chemtrails and absorbed specific materials, your body becomes an antenna for broadcasts you don't want to receive. This remedy dissolves the chemical antenna material.
ASP FUM	ASPERGILLIS FUMIGATUS		F	Aspergillis has several forms. This form found in chemtrails and hospitals. Respiratory illnesses are well known to have this content from hospitals.
BRN WI	BRAIN WAVE INTEGRITY		MVB	An antidote to broadcasted signals that interrupt the thalamus and all memory processes. It becomes hard to remember systems, numbers, time, etc. The interruption even goes deeper to the very foundation of what you love and why. The depth of disassociation causes an anger and confusion so pervasive in the life that the subject has trouble identifying why they are upset. Physically there is a thick feeling in the head, sometimes a sore throat, sometimes a cough and sometimes a runny nose. Although technically different, this remedy belongs in the category of chemtrails.
CON ALG	CONTRAIL ALLERGIES		BF	The symptoms are like magnified allergies. They include pink-eye like symptoms. The eyes become red, scratchy and goopy overnight. Sinuses run similar to colds and there are emotional swings.
CON ANM	CONTRAIL ANEMIA		C	One of the many emissions from airplanes. The combination affects lungs, kidneys, spleens and lymph. It depletes lymph, blood, vitamin B2 and lungs. The blood and defense system are left weak and anemic.
CON ANG	CONTRAIL ANGER		VB	Combination that "eats" the liver and white blood cells simultaneously so that anger often accompanies both digestive difficulties and immune loss.
CON ATX	CONTRAIL ANTHRAX		BC	A new strain of anthrax dumped via the mysterious jets flying purposeful patterns over the population
CON COF	CONTRAIL BASE COUGH		CB	For people often infected by contrails, the residual of the base material forms a constant cough that simply doesn't want to go away. This remedy is designed to nullify the deepest carriers of the former infections.
CON BDR	CONTRAIL BRAIN DRY		CVB	Like most chemtrail dumps, this produces tiredness and various degrees of coughing, depending on pre-existing respiratory conditions. Part of the contents are a flu, but the chemicals and bacteria in the mix make it feel like a dry flu. One person said the congestion feels like a brain gap.
CON CRZ	CONTRAIL CRAZY		VBC	A specific combination of pathogens planned to make people feel out of sorts, paranoid, depressed and very confused. The description is stronger than the feeling for some and too mild for others.
CON DES	CONTRAIL DESPONDENCY		CVB	Makes person tired, apathetic and very irritated. Uncharacteristic thoughts of suicide often arise.
CON DRY	CONTRAIL DRY		CBV	This contrail combination dries up lips, inner mucous areas and organs by reversing the polarity of the blood so that the blood gradually dies as it dehydrates. It's like being crammed into a large microwave and being cooked at a slow rate. Give this a high priority.
CON FE	CONTRAIL FE GAS	1-2	C	Essentially this is a mustard gas-like combination. It sears the lung, causes intestinal burning, fogs the brain and feels like a severe flu.
CON F13	CONTRAIL FRIDAY 13TH FEVER		BV	Those afflicted feel like they were hit by a truck, have a stiff neck, diarrhea and/or vomiting with a fever.
CON FUS	CONTRAIL FUSE		VFC	Another dumping, this time with the intention of breaking down the blood/brain barrier so that we are susceptible to multiple infections. We see this as a fuse to a plague-like dropping to come later. Current symptoms are headaches, flu-like malaise, sniffles and stuffiness, often only on one side of the nose. Some subjects take on a squint with eyes.
CON KID	CONTRAIL KIDNEYS		BF	Further dross of contrails - Pseudomonas Aeruginosa #3 bound by Fusiform Fungus in the kidneys. Sore mid back, dull pain over kidneys

CON LTH	CONTRAIL LETHARGY		C	This represents a stronger effort by the perpetrators in a serious infection started in 2004. The elements thicken and poison blood. The symptoms are tiredness sometimes to the point of bedridden. Flu like symptoms of runny nose, respiratory congestion and intestinal upset are not consistent from one person to the next. You feel like you aged overnight when you are so deeply exhausted and can't see fun in life.
CON MB3	CONTRAIL MIGHTY BAD 3	2-4	C	It seems to break down brain tissue most causing despair and isolation (like a severe case of bacteria fragilis)
CON NRV	CONTRAIL NERVE VIRUS		V	Another dump from airplanes. Especially affects lung nerves, but also central nervous system to all the organs so that there is weakness in organ function.
CON OWY	CONTRAIL OWYS		VBC	The symptoms of this chemtrail combination start in the throat with big lumps and soreness. The infection moves to the sinus and causes a very runny nose. It settles into the abdomen with intense spasms. If untreated it will last for 3-4 weeks and then become a malaise time bomb until the next group reactivates the symptoms.
CON PAN	CONTRAIL		BC	Further dross from the contents of contrails - Pseudomonas Aeruginosa #3 with Zinc Chlorate. Mimics a hiatal hernia.
CON PNM	CONTRAIL PNEUMONIA		B	For those repeatedly infected by contrail/chemtrails
CON SG	CONTRAIL SINUS GRIPPE		VB	Sinuses feel like iron. There is also non-stop congestion, sore throat, runny nose and eyes. For some, anger comes too easily.
CON SIN	CONTRAIL SINUS PLUS		VBC	A dumping that causes severe sinus problems plus goes into the respiratory system. The ingredients are not things you want your system to try to fight off itself, because our bodies currently have no mechanism for disposing of these elements.
CON TRD	CONTRAIL THYROID	5-6	C	A contrail that seems to silently bring radioactive material from the sky into thyroids. No immediate symptom has been identified. Over time thyroids are less productive. Subjects gain weight and become tired more often.
CON VIR	CONTRAIL VIRUS		BV	Actually Mycoplasma Incognitus. The same culprit found in the Desert Storm sickness is suddenly showing up in the contrails of US planes over the world
CON VG	CONTRAIL VIRUS GLOB		BV	A glycerol that eats tissue and plastic bags that have been used to collect them. They look like hail but do not melt when the temperature goes as high as 49 degrees Fahrenheit. They carry viruses that release on time delays. All the components mimic the flu with head/ intestinal nausea, coughing and usually send people to bed with general weakness.
COF LT	COUGH A LOT		VT	Chemtrail yuk. Symptoms are primarily respiratory like Pneumonic Plague. Air conditioning makes worse.
COF AGN	COUGH AGAIN		VBC	The European version of strong chemtrails sprayed in fall, 2008. Symptoms are unrelenting cough, voice loss and flu-like malaise.
COF COF	COUGH COUGH		VT	Chemtrail yuk. Symptoms are primarily respiratory like Pneumonic Plague. Air conditioning makes worse.
EDB	ETHYLENE DIBROMIDE		C	Pesticide affecting respiratory area and breaking down immune system. Known for eye & skin irritation, liver clogging. Part of 99 contrail spraying.
FAL GRP	FALL GRIPPE 2002		VBF	It looks like a cold. It feels like a cold. It is not a cold. Another chemtrail with runny nose, sneezing, occasional to frequent cough. Lymph and lung tissue swell, making breathing difficult at night.
GOV SSF	GOVERNMENT SEQUEL - SPANISH FLU		VB	In Aug, 2002 another series of chemtrail maladies started with the normal respiratory coughing, sore throat, tiredness, nausea, eye achiness, spine weakness.
HDV	HAARP DISRUPTER VIRUS		V	Created wave length/pulse that triggers disease inside body by acting as a virus itself and combining/locking other virus/bacteria/fungus combinations
HEV CEM	HEAVY CHEMSMOKE		CBV	Summer 2001 chemtrail combination with an unusual pervading respiratory and sinus infection that travels to the brain and clogs it. Heavy feeling in chest, cold like feeling in sinus and thick feeling in head.
MLS 1	MALAISE ANTIDOTE 1	3-5	VB	Part of the new chemtrails of a pathogen wrapped in a bacterial envelope and enzyme that carries the pathogen into the DNA as if it were a miasmatic disease. In this instance there is constant tiredness, stiffness in neck and upper back plus an achy spine.
MLS 2	MALAISE ANTIDOTE 2	3-5	B	Part of the new chemtrails of a pathogen wrapped in a bacterial envelope and enzyme that carries the pathogen into the DNA as if it were a miasmatic disease. The malaise moves from chests to lungs producing different colored phlegm. There is sore throat, post nasal drip, bad taste in the mouth and shortness of breath.

MLS 3	MALAISE ANTIDOTE 3	3-5	VB	Part of the new chemtrails of a pathogen wrapped in a bacterial envelope and enzyme that carries the pathogen into the DNA as if it were a miasmatic disease. Subjects report watery eyes, intestinal upset and urge to vomit.
MLS 4	MALAISE ANTIDOTE 4	4-5	MVB	Part of the new chemtrails of a pathogen wrapped in a bacterial envelope and enzyme that carries the pathogen into the DNA as if it were a miasmatic disease. Subjects report mild symptoms except for leg muscle pains and contractions. There is usually some constipation and low electrolytes.
MIL AID	MILLENNIUM AID		VBC	Chemtrail bombings on the US. Causes great tiredness and highly decreased immune system. Does not go away by itself.
MIL BUG	MILLENNIUM BUG		VBC	This year's combination that looks like the flu, but isn't specifically a flu (actually no flu in it). Pneumonia, chemicals, bacteria.
MIL COF	MILLENNIUM COUGH		VF	Combination of nerve virus and fungus that keeps you coughing and coughing and coughing. Same fungus that causes Valley Fever.
MIL FAL	MILLENNIUM		VB	Headaches, cough, nausea, intermittent fevers/chills that makes you want to stay in bed and forget the world. Flu "look-alike"
MIL MAL	MILLENNIUM		VB	Flu like nausea that makes you feel generally sick, but not immobile.
MIL TIR	MILLENNIUM TIRED		CVB	First seen on July 4, 2000 when the US was bombed on Independence Day. Although tiredness is common to most bombings, people are described as almost falling asleep while standing. A mild cough, lymph blockage and fuzziness also present.
MIS BRK	MISSOURI BREAKS		BV	The birth of a government-made, class IV hemorrhagic fever spread by chemtrails (stronger than Yellow Fever and Dengue Fever). Symptoms start with vomiting, diarrhea, followed by voice loss, all of which last for 24-72 hours. Then comes the headaches, sinus drippage, respiratory distress, fevers, weakness and back ache (as the kidneys begin to close).
O PHOS O	ORGANOPHOSPHATES OXIDIZED		C	Dangerous bug/pest sprays that block brain dendrites, liver functions and life functions in general.
PPX NRV	PARA POX NERVES			One of the government experiments that creates a rash of red dots on the arms, legs, midriff and face. They seem impervious to natural or drug infection fighters. As the issue progresses white pustules form in the dot areas, resembling Bubonic Plague appearance. As the remedy pushes the infection out the pustules may initially enlarge and then disappear. You can take this aggressively.
PSEUD 1	PSEUDOMONAS AERUGINOSA #1		B	Variety of bacteria most known for respiratory distress
PSEUD 2	PSEUDOMONAS AERUGINOSA #2		B	Variety of bacteria most known for respiratory distress
PSEUD 3	PSEUDOMONAS AERUGINOSA #3		B	Variety of bacteria most known for respiratory distress
PRP BLT	PURPLE BLOTCHES		VB	A flu/pneumonia like malaise that is accompanied by an increasing number of purple blotches. It looks like the "purpura" (bruising) often seen with seniors, except that these blotches can be on people of all ages in all places on the body. This non-chemtrail, but government-made infection is very dangerous. Often it is seen with Ebola Reston which causes swelling and head stuffiness.
RAD INS	RADIATION IONOSPHERE		C	HAARP (High Amplitude Aurora Research Project) is changing the ionosphere into a micro-wave type of both an emitter of radiation and a magnetism distorter. The sun drives the power through this outer atmosphere earth bubble so that we are slightly cooked and distorted. Chemtrails intensify and further twist these rays plus make oxygen less available. Earth changes and current ground ELF waves add more to the effect. We become short-tempered, confused, forgetful, disorientated, short of breath and anxious. This sickness is vague but sure, making us feel unsure. This remedy goes well with the remedy SAFE.
WHOP FD	WHOOPIING FEDS		VB	Heavy, hacking cough especially when lying down. Phlegm, fever/chills, weakness, stiffness, different aches for different people. Sometimes needs Fusoform Nasopharynx for lingering phlegm. Courtesy of government contrails.
WTC AFT	WTC AFTERMATH		BC	Chemtrail. Symptoms are queasy after eating, headaches (sometimes), exhaustion, coughing (sometimes). Worse with dairy products. Sounds like the western world way of life these days.
YER SYN	YERSINIA SYNTHETICA		B	This appears to be a government synthesized form of the common cause of the bubonic plague. There is evidence of wide-spread spraying in more than the US.
ZNC CLD	ZINC CHLORIDE		C	Imbalances electrolytes for digestive and adrenal distress and locks in respiratory distress. Part of contrail spraying in 99.
